

Putting your Chapter Leadership Experience on your LinkedIn Profile

1. From your profile, select the dropdown menu for “Add Profile Section”.
2. Click the “Volunteer Experience” option located in the Background section of the dropdown menu.

The screenshot shows Calvin Jensen's LinkedIn profile. The header features a banner with the text "#WeAreSVA" and a group photo of people in front of an American flag. Below the banner is a circular profile picture of Calvin Jensen. To the right of the profile picture are the LinkedIn logo and an edit icon. The name "Calvin Jensen" is displayed, followed by his title: "Project Manager of Student Veterans of America's LinkedIn Partnership, Trainer of Career Success for Student Veterans" and his location: "Washington D.C. Metro Area". To the right of the name are several organization and contact icons: "Student Veterans of America", "University of Arizona", "See contact info", and "See connections (500+)". A yellow box highlights the "Add profile section" dropdown menu, which is open to show options: "Background", "Work experience (8 positions on your profile)", "Education (4 schools on your profile)", and "Volunteer experience (Highlight your passions and how you like to give back.)". The "Volunteer experience" option is highlighted with a yellow box. Below the dropdown menu, a snippet of text is visible: "vant leader, mentor, and teacher while I was an active duty position from the United States Marine Corps and into higher purpose through Student Veterans of America, the country's ...". At the bottom right of the profile, there is an "All Star" badge.

3. Input your Chapter Leadership experience in a new opportunity for “Add Volunteer Experience”.
 - It is important to include your **Chapter Role** (*President, Vice President, etc.*), a **brief description** of your duties and responsibilities (*around 2-3 sentences*), and properly labeling the official “Student Veterans of America” Company Page on LinkedIn as the **Organization**.Reference: <https://www.linkedin.com/company/studentveterans/>
