PATH TO SUCCESS

The Advising Center enriches the lives of service members and their families as they transition to civilian life through the transformative power of higher education. Start developing a comprehensive path to success early in transition or if you have already transitioned out of the military but have not yet considered higher education.

ACCESS APEX

Envision your future in a highly personalized experience with SVA's Academic+Career Pathway Explorer (APEX). Understand your prior experience and skills, explore career pathways and occupations, and begin to purposely build your skills through higher education or related training to achieve your greatest potential.

OUR MISSION

The SVA mission is to act as a catalyst for student veteran success by providing resources, network support and advocacy to, through, and beyond higher education. The Advising Center opens key entry points into the SVA ecosystem for more student veterans to enjoy the inclusive camaraderie and benefits of an SVA Chapter, professional development in the SVA Leadership Continuum, and preparation for lifelong success through the SVA Success Hub.
